

Offer Description – Product

Cisco Nexus Dashboard

This Offer Description is part of the [General Terms](#) or similar terms existing between You and Cisco (e.g., the End User License Agreement) (the “**Agreement**”). Capitalized terms, unless defined in this document, have the meaning in the Agreement. Any references to the Supplemental End User License Agreement or SEULA mean Offer Description.

1. Summary

Nexus Dashboard (the “**Product**”) leverages automation and analytics to provide customers with a single focal point to configure, provision and operate multiple switches, data centers and clouds.

2. Support and Other Services

Your purchase of the Product includes the tier of support services purchased.

3. Data Protection

Please see [The Trust Center](#) for information on how Cisco uses and protects Personal Data, Systems Information and Customer Content collected and processed by Cisco through use of Cisco products and services.

4. Special Terms

General License Terms and Conditions. Your license to the Product includes APIs (“**ND APIs**”) that provide additional functionality that are licensed to you to use and make calls to the Product for the sole purpose of developing and implementing software applications that work, communicate, or interact with Your licensed Product. You agree not to assert any of your intellectual property developed with use of and/or used with the ND APIs against Cisco or any of its affiliates, customers, resellers, distributors, or other licensees of the Product or the ND APIs for making, having made, using, selling, offering for sale, or importing: (a) any products or services implementing, interfacing with or operating in combination with the ND APIs; or (b) any applications developed using the ND APIs. If you do not agree with the foregoing terms for ND APIs, do not make use of such functionality.
