# Product overview

The Cisco Headset USB-C Adapter uses Bluetooth 5.4 to enhance your connectivity experience. You can use this dedicated connection for a quick plug-and-play experience or to connect devices that don't have Bluetooth built in. The USB Adapter is now equipped with a USB-C connection and a USB-A converter, integration with Webex® and Microsoft Teams, and the ability to pair multiple devices to one USB adapter.

# Features and benefits

Table 1. Features and benefits

FEATURE	DESCRIPTION
<b>Bluetooth (5.4)</b>	Experience seamless connectivity with the latest Bluetooth 5.4 technology, ensuring compatibility with a wide range of devices and enhanced wireless range for your Cisco Headsets.
<b>UC and Microsoft Teams</b>	Enjoy full integration with Webex and Microsoft Teams, allowing for a smooth and efficient collaboration experience with Bluetooth Cisco Headsets designed for these platforms. Supported headset models include Cisco Headset 700 series and 900 series.
<b>Multi-device Pairing</b>	Effortlessly switch between devices with support for one active connection while retaining memory for up to eight previously paired Cisco headset devices, providing convenience and flexibility for multitasking.
<b>Auto Connection</b>	Automatically recognize and connect to previously paired Bluetooth Cisco Headsets, saving time and simplifying the user experience.
<b>Integrated Multicolor LED Indicator</b>	Experience intuitive and streamlined notifications with a sophisticated LED indicator capable of displaying multiple colors to convey various statuses and alerts. Indicator is visible on both sides of the adapter.
<b>Cisco Accessory Hub Web App</b>	Manage your device connections with precision, perform adapter resets, or effortlessly pair new devices using the intuitive Cisco Accessory Hub Web App, designed for user-friendly personal device administration.
<b>Included USB-A converter</b>	Maximize your adapter's versatility with the included USB-A converter, effortlessly connecting your Bluetooth Cisco Headsets to either USB-C or USB-A ports for unparalleled compatibility and convenience.
<b>Plug and Quick Connect</b>	Simply plug in the adapter into your laptop or Cisco desk device and enjoy a hassle-free experience. Your Bluetooth Cisco headset stays paired, ensuring a swift connection and immediate readiness for use.

## Compatibility

For compatibility information with Cisco IP Phone, Webex Desk Series, Webex, Cisco Jabber, and Webex Meetings, please refer to the [Cisco Headset Compatibility Guide](#) for details.
