Overview

EOL15034

Cisco announces the end-of-sale and end-of-life dates for the Cisco Catalyst C9800 Wireless LAN Controller. The last day to order the affected product(s) is December 31, 2025. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

This notice applies to the C9800-40 and C9800-80 versions of the C9800 family of controllers and their associates accessories and modules. The C9800-L and C9800-CL versions are not included in this notice.

End-of-life milestones

Table 1. End-of-life milestones and dates for the Cisco Catalyst C9800 Wireless LAN Controller

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	January 9, 2025
End-of-Sale Date: HW,OS SW,Accessory	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	December 31, 2025
Last Ship Date: HW,OS SW,Accessory	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	March 31, 2026
End of SW Maintenance Releases Date: HW,OS SW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	December 31, 2026
End of Vulnerability/Security Support: HW	The last date that Cisco Engineering may release a planned maintenance release or scheduled software remedy for a security vulnerability issue.	December 31, 2030
End of Routine Failure Analysis Date: HW	The last-possible date a routine failure analysis may be performed to determine the cause of hardware product failure or defect.	December 31, 2026
End of New Service Attachment Date: HW,OS SW	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	December 31, 2026
End of Service Contract Renewal Date: HW,OS SW	The last date to extend or renew a service contract for the product.	March 31, 2030

Milestone	Definition	Date
Last Date of Support: HW,OS SW,Accessory	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	December 31, 2030

HW = Hardware OS SW = Operating System Software App. SW = Application Software

Product migration options

Customers are encouraged to migrate to the new CW9800 Series wireless LAN controllers. These new controllers run on the same IOS XE software as the C9800, with a minimum SW release of 17.14.1. The new CW9800 controllers are both only 1RU and have improved power consumption efficiency. Refer to their datasheets for more details:

<https://www.cisco.com/c/en/us/products/collateral/networking/wireless/wireless-lan-controllers/cat-cw9800h1-cw9800h2-wireless-controllers-ds.html> and

<https://www.cisco.com/c/en/us/products/collateral/networking/wireless/wireless-lan-controllers/catalyst-cw9800m-wireless-controller-ds.html>.

Customers may be able to use the Cisco Technology Migration Program (TMP) where applicable to trade-in eligible products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, customers should work with their Cisco Partner or Cisco account team. Cisco Partners can find additional TMP information on Partner Central at

https://www.cisco.com/web/partners/incentives_and_promotions/tmp.html.

Customers may be able to continue to purchase the Cisco Catalyst C9800 Wireless LAN Controller through the Cisco Certified Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Certified Refurbished Equipment program, go to: <https://www.cisco.com/go/eos>.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:

https://www.cisco.com/web/about/ac227/ac228/ac231/about_cisco_takeback_recycling.html.
