Caveats

This chapter describes open severity 1 and 2 caveats and select severity 3 caveats.

The *Open Caveats* section lists open caveats that apply to the current release and may apply to previous releases. A caveat that is open for a prior release and is still unresolved applies to all future releases until it is resolved.

The bug IDs are sorted alphanumerically.

The *Caveats* section includes the bug ID and a short description of the bug. For details on the symptoms, conditions, and workaround for a specific caveat you must use the Bug Search Tool.

Open Caveats in Cisco Smart PHY 23.3

| Identifier	Headline
CSCwh88982	DSG TgList is not reconciled properly
CSCwh88989	Highlighted Configuration deviation was offset by one line in the reconcile report
CSCwh97305	Service definition 1/3 side bar displays values as "-" when set to "0"
CSCwi07723	Health Monitoring & RBAC APIs fail with 500/401 error inconsistently

Resolved Caveats in Cisco Smart PHY 23.3

Identifier	Headline
CSCwf09183	RPD CSV Import having Multiple Video Core fails for 1x2 RPDs
CSCwf87599	Exported Inventory file (CSV) does not contain RPD SSD information
CSCwf98805	ResourceAllocationError cause configuration deviation after import csv file

Identifier	Headline
CSCwh13987	cBR8 config reconciliation lists RPDs with no delta

# Cisco Bug Search

Use the Cisco Bug Search Tool to access open and resolved bugs for a release.

The tool allows you to search for a specific bug ID, or for all bugs specific to a product and a release.

You can filter the search results by last modified date, bug status (open, resolved), severity, rating, and support cases.

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, using the Cisco Bug Search Tool (BST), submitting a service request, and gathering additional information, see What's New in Cisco Product Documentation.

To receive new and revised Cisco technical content directly to your desktop, you can subscribe to the What's New in Cisco Product Documentation RSS feed. The RSS feeds are a free service.
