

Logging Out of the Application

- [Android and iOS Devices, on page 1](#)

Android and iOS Devices

Logging Out

Procedure

Step 1 Under **Cisco User Defined Network**, tap the logout icon at the left-most side.

You get to view the following message:

Are you sure you want to logout?

Step 2 Tap **LOGOUT**.

Note If you want to login as a different user, clear the cache from the browser (Android app: Chrome browser; iOS app: Safari browser).
