New and Changed MPLS Feature Information

Table 1: New and Changed Features

| Feature | Description | Changed in Release | Where Documented |
|-------------------------------------|---|--------------------|---|
| Autoroute Tunnel as Designated Path | With this feature, you can exclusively specify an autoroute tunnel to forward traffic to a particular tunnel destination address without considering the IS-IS metric for traffic path selection. | Release 7.6.2 | Configure Autoroute Tunnel as Designated Path |
