Introducing Cisco Al PODs

Cisco's AI PODs empower businesses to quickly harness the potential of artificial intelligence with confidence and ease. By providing streamlined, ready-to-use infrastructure with best-in-class management tools, we're eliminating the complexities of AI deployment, making AI accessible, even for firms new to this technology. With rapid, validated setup and available project consulting, Cisco AI PODs offer a scalable path from initial deployment to advanced applications, ensuring your organization stays competitive in an AI-driven world.

- Pre-Designed Architecture Bundles
- Framework for Rapid Deployment
- Intersight Cloud Management Driven
- Validated Use Cases
- Adoption Services Included
- Full Stack Support
- Ideal for Firms Beginning Their Al Deployment Journey

Purpose, Audience, and Scope

Purpose

This document describes how to order the UCS X-Series M7 AI PODs Product

Scope

This ordering guide describes the information for:

- Ordering Structure of Cisco UCS X-Series M7 AI PODs Product
- Catalog of Product IDs
- Ordering Server Hardware and Software options
- Links to additional resources

Audience

Buy Method Through Cisco (Eg: Direct Customer & Tier 1 Partners):

• Scenario 1: Customer Without Enterprise Agreement for Cisco Intersight Software License

• Scenario 2: Customer With Enterprise Agreement for Cisco Intersight Software License Buy Method Through Distributor (Eg: Tier 1 & Tier 2 Partners):

- Scenario 1: Customer Without Enterprise Agreement for Cisco Intersight Software License
- Scenario 2: Customer With Enterprise Agreement for Cisco Intersight Software License
