INDEX

A

AC power connector location 1-3

C

chassis bracket
- attaching for four-post installation 4-6
- four-post hardware kit 4-5

chassis installation, four-post rails 4-7
connectors, location of 1-3

D

dimensions A-1
DVD-ROM drive 1-3

E

electrostatic discharge A-1
Ethernet (NIC)
- front panel LEDs 1-3
- port locations 1-3
- rear panel connectors and LEDs 1-4

F

features
- dimensions A-1
- hard disk 1-2
- LAN controller 1-2
- memory 1-2
- processor 1-2
- serial port types 1-2
- video controller 1-2

four-post installation
- attaching chassis bracket 4-6
- attaching rail hardware 4-6
- installing chassis into rack 4-7

front panel LEDs and buttons 1-3

H

hard disk
- activity LED 1-3
- features 1-2

humidity specifications A-1

K

keyboard port location 1-3

L

label
- product ID (PID) 1-3
- product serial number 1-3

LAN controller 1-2
LEDs
- Ethernet (NIC) 1-3, 1-4
- hard disk activity 1-3
- system power 1-3

M

memory 1-2

mouse port location 1-3

N

NIC LEDs
front panel 1-3
rear panel connectors 1-4
noise specifications A-1

P

ports, location of 1-3
power button location 1-3
power connector location 1-3
processor 1-2
product ID (PID) label 1-3
product serial number label 1-3

R

rack handles
installing 3-2, 4-3
removing 3-2, 4-3
rail
attaching to four-post rack 4-6
rear panel connectors 1-3

S

serial number label 1-3
serial port
locations of 1-3
types 1-2
shock specifications A-1
specifications, system A-1
system power LED 1-3

T

temperature, operating and non-operating A-1
tools, required
for component installation 3-1
tools needed 4-1

U

USB port
front panel location 1-3
rear panel locations 1-3

V

video controller 1-2
video port location 1-3

W

weight A-1
