[如何向Cisco CloudCenter中的所有用户发送广播消息？](#)

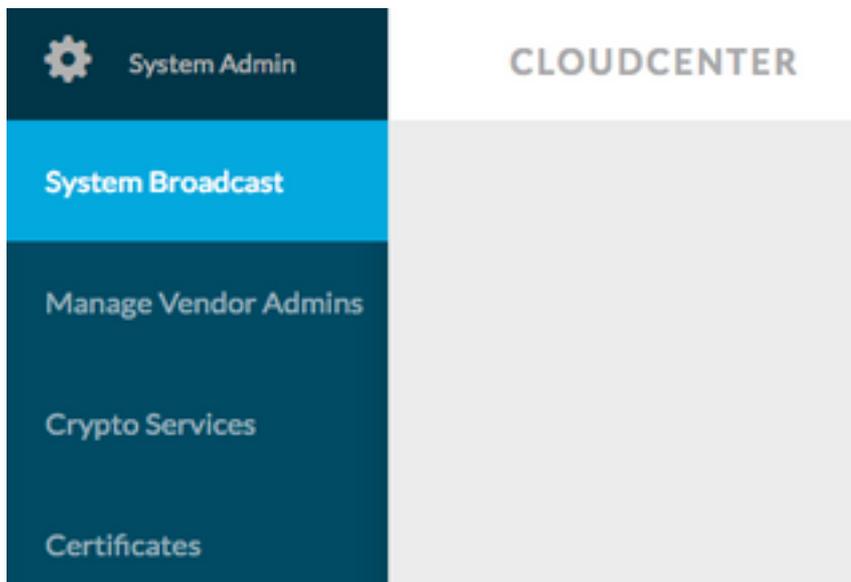

简介

本文档介绍如何向使用Cisco CloudCenter的所有租户/用户发送广播消息。

如何向Cisco CloudCenter中的所有用户发送广播消息？

这可以通过以下步骤快速实现：

- 1.使用Cisco CloudCenter设置的默认用户名/密码登录超级管理员用户/渗透管理员用户。
- 2.导航至“系统广播”并单击“添加新”按钮以创建广播消息。

- 3.填写表格时填写所需信息。

Add New Message

Title

Describe in a few words what will be happening.
Example: Upcoming Maintenance

Timezone

Start on at

End on at

Display start and end times to user?

Description

Consider providing an email address from which the user can contact you if they have any questions.

4. 保存新留言表单。新创建的表单看起来与此图像类似。

System Broadcast Messages

Title	Start	End	Description
Server Maintenance	10/12/2017 3:40 PM	10/13/2017 3:40 PM	CloudCenter Manager CCM 1 will be down for Maintenance between :

You have created 1 message. [Add another?](#)

5. 登录到任何用户并验证您是否收到此图中所示的广播消息。

Server Maintenance October 12-13, 3:40p-3:40p EST:
CloudCenter Manager CCM 1 will be down for Maintenance between 13 OCT 2017 9:00 AM to 11:00 AM EST. Requested to not deploy instance during the period.
