簡介

本文檔描述如何清除Azure AD整合中的「請求未經授權」消息。

必要條件

需求

思科建議您瞭解以下主題：

- Webex控制中樞。
- 在身份域a.k.a.跨域身份管理系統(SCIM)之間交換使用者身份資訊。

採用元件

本文中的資訊係根據以下軟體和硬體版本：

- 控制中心內部版本：20230519-182b260。
- Azure Active Directory SCIM。

本文中的資訊是根據特定實驗室環境內的裝置所建立。文中使用到的所有裝置皆從已清除（預設）的組態來啟動。如果您的網路運作中，請確保您瞭解任何指令可能造成的影響。

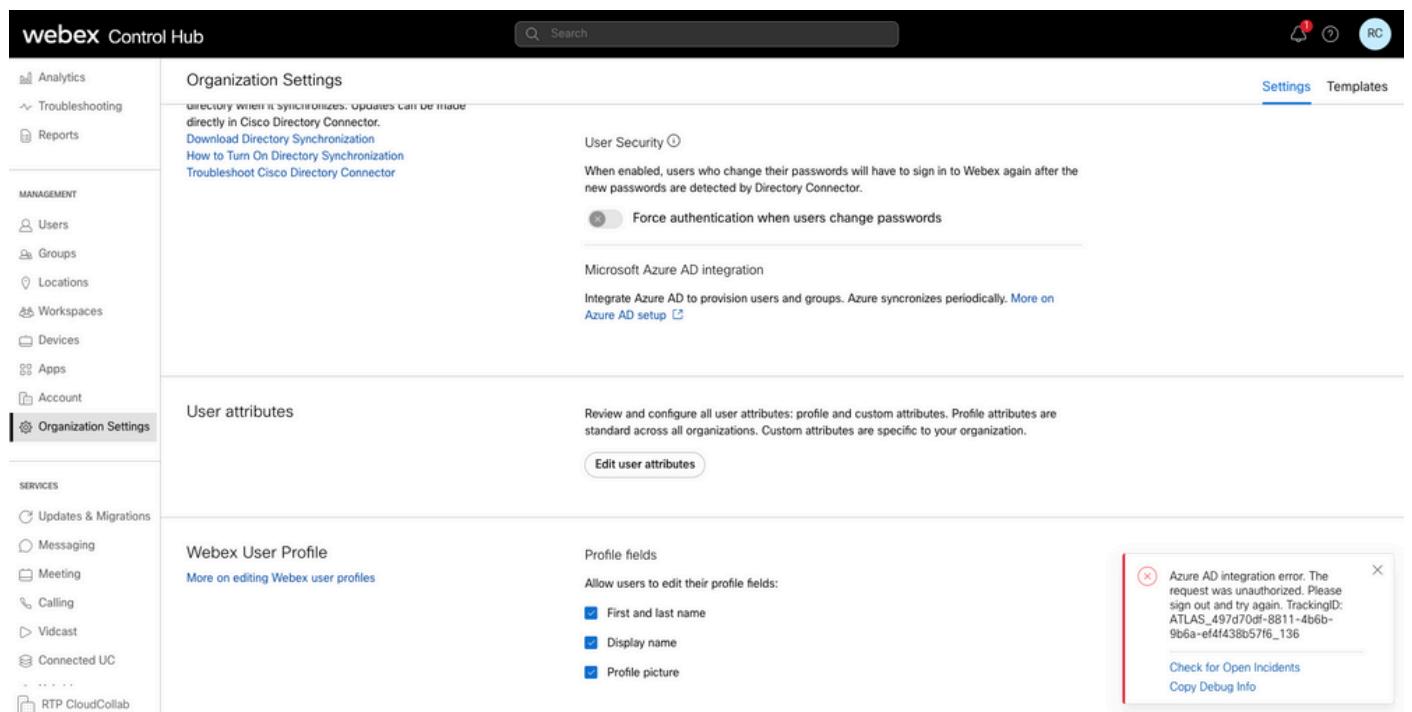

背景

如果在Microsoft Azure Active Directory中管理使用者和組，則可以在控制中心中配置Azure AD服務以同步它們。

Azure AD整合錯誤

如果已從Microsoft Azure Active Directory中刪除Cisco Webex身份同步企業應用程式，則服務無法運行，如以下錯誤消息所述：

Azure AD integration error. The request was unauthorized. Please sign out and try again. TrackingID: ATLAS_497d70df-8811-4b6b-9b6a-ef4f438b57f6_136

The screenshot shows the Cisco Webex Control Hub interface. On the left, there's a sidebar with various navigation options like Analytics, Troubleshooting, Reports, Management (Users, Groups, Locations, Workspaces, Devices, Apps, Account), Organization Settings (selected), and Services (Updates & Migrations, Messaging, Meeting, Calling, Vidcast, Connected UC, RTP CloudCollab). The main content area has tabs for Organization Settings, User Security, Microsoft Azure AD integration, and User attributes. Under User attributes, there's a section for Webex User Profile with profile fields (First and last name, Display name, Profile picture) and a note about allowing users to edit their profile fields. A prominent red box highlights an error message in the Microsoft Azure AD integration section: "Azure AD integration error. The request was unauthorized. Please sign out and try again. TrackingID: ATLAS_497d70df-8811-4b6b-9b6a-ef4f438b57f6_136". Below the error message are links to "Check for Open Incidents" and "Copy Debug Info".

控制中心錯誤

Azure AD integration error. The request was unauthorized. Please sign out and try again. TrackingID: ATLAS_497d70df-8811-4b6b-9b6a-ef4f438b57f6_136

Message: Azure AD integration error. The request was unauthorized. Please sign out and try again. Track

SCIM GET請求錯誤401是指：

401 The request is unauthenticated. The user's credentials are missing or incorrect.

問題

Azure Active Directory

登入到Azure門戶並導航到Azure Active Directory > Enterprise Applications。Azure AD整合需要兩個用於此新部署的企業應用程式：

- Cisco Webex Identity
- Cisco Webex身分識別整合

Home > Enterprise applications

Enterprise applications | All applications

稽核日誌

解決方案

已重建身份同步

您可以在隱匿瀏覽器頁籤中為此URL提供管理員同意：

https://login.microsoftonline.com/common/adminconsent?client_id=90db942a-c1eb-4e8d-82e4-eebf64a7e2ae

使用Azure管理員憑據，按一下接受以確認操作。

admin@contoso.com

Permissions requested

Review for your organization

Cisco Webex Identity Integration

This app would like to:

- ✓ Sign in and read user profile
- ✓ Read all groups
- ✓ Read all company places
- ✓ Read all users' full profiles
- ✓ Read all audit log data
- ✓ Manage apps that this app creates or owns
- ✓ Read all group memberships
- ✓ Read domains

If you accept, this app will get access to the specified resources for all users in your organization. No one else will be prompted to review these permissions.

Accepting these permissions means that you allow this app to use your data as specified in their [terms of service](#) and [privacy statement](#). You can change these permissions at <https://myapps.microsoft.com>.
