Thank you for using Cisco's eDelivery system. The following order is now available for download:

Order Details			
Bill-To PO #	Vice versa test 1	Cisco Order Number	107589550
Bill-To Account	TEST NOT REAL	A/C #	112053946
Ship-To Account	TEST NOT REAL	A/C #	112053946
End Customer Account	TEST NOT REAL		

To access the order, one of the following actions will need to be performed

1. Use the links in the table below.
2. Forward this email to your customer.
3. Log into eDelivery and send an Order Based Access (OBA) directly from the eDelivery application.

The table below, can contain the following links, to access the order:

- **eDelivery Access Order:** Access and download all the order content including software, licenses, documentation, additional items and instructions via eDelivery.
- **Register Claim Certificates (PAKs):** You may directly register your PAKs in the Product License Registration tool by clicking on the "Register Claim Certificate (PAKs)" link. It is no longer required for you to download the License docs to register PAK(s).

Please Note: The person accessing the order and/or registering the license must have a Cisco.com user account.

If this order contains Software products, you have ninety (90) days from the date of this email to download the software, after which the access to the software will be restricted. Only one Software download is allowed during this period, although if you request additional downloads or if you have passed the 90 day period, please request access through the eDelivery portal. Cisco Software may only be used pursuant to our End User License Agreement ("EULA"), which you agree to accept prior to download Software.

The Cisco products identified above are governed by the terms and conditions of the Cisco End User License Agreement ("EULA") and any applicable supplemental license terms, or by a vendor software license agreement, if applicable. You may be accept the EULA prior to accessing the software.

Software License Claim Certificate

Dear Customer,

Thank you for your purchase of Cisco Software and/or Licenses. The information in this document is needed to claim your license. Retain this document for your records.

Registration Information

- 1. Log on to http://www.cisco.com/go/license and follow the registration instructions to obtain the license authorization key/file.
2. The Product Authorization Key (PAK) number(s) and PIN found below are required for the registration process.

Table with 3 columns: Product Name (L-CP-E2M-88XX-CNV=), Product Description (Convert 8800 series Enterprise phones to MPP Firmware), Entitlement Qty (1000)

Download migration firmware at: https://www.cisco.com/CCO-path-hidden-from-public/sip88xx.TLexE2M-rc-010.loads

Product Authorization Key (PAK): 76 [Barcode]

Order#: 104531170 - Line#: 1 - Ship Set: 1

Support

If you need additional assistance or have a question, please access one of the below links:

- With your Cisco.com ID, Log onto TAC Service Request Tool at : https://mycase.cloudapps.cisco.com/create/start
• For a directory of Country specific Telephone Number, go to: https://www.cisco.com/c/en/us/support/web/tsd-cisco-worldwide-contacts.html

Traditional Licensing - Cisco Software License

License

Traditional Licensing

Generate and manage PAK-based and other device licenses, including demo licenses

Smart Software Licensing

Track and manage Smart Software Licenses.

Enterprise Agreements

Generate and manage licenses from Enterprise Agreements.
